RACE RIOT FEARED

Negroes Quit Work and Make Assault on Whites in Alabama Town.

TWO DAYS OF EXCITEMENT

Negro Women Also Take Part and Gathered in Front of Postoffice—White Men Injured—Serious Clash Imminent.

(By Wire to The Morning Star.)

Rome, Ga., August 2.—Following two days of instense excitement with a war between whites and blacks imminent, the small town of Farill in Cherokee county, Ala., 18 miles west of here, is reported to night quieting down, although there are still grave apprehensions of a serious clash. A clash between the races occurred at Farill, two years ago and but little is needed to fan into flames the smouldering fires of resentment. An armed band of whites is still making search for members of the negro clan which precipitated the present trouble, which resulted from an attack on Harper Wright, a postoffice employe by Garvin Perkins, colored. The negro was captured.

Galveston Perkins, a negro enraged because of being ordered from the store of A. R. Wright, at Farill Saturday afternoon by the latter's son, Harper Wright, went away sullenly and Saturday night returned at the head of a mob of 15 of his kinsmen and waylaid and assaulted Harper Wright a short distance from his father's store. Cleveland Perkins, a brother of Galveston Perkins, knocked young Wright down with a rock, as the latter was taking the mail pouch from the depot to the postoffice and immediately other negroes joined in the attack. Wright was badly beaten and his injuries are serious.

Soon a number of white men appeared on the scene and the negroes fled. Immediately the town was alarmed and an armed posse scoured the woods all night, finally capturing Garvin Perkins, a cousin of the two negro leaders of the mob. Cooler heads prevailed upon the posse to allow Galvin Perkins to be sent to jail and he was taken to the county seat, Center, Ala. It is charged that Garvin Perkins also shot at Gus Wright, the 15-year-old brother of Harper Wright.

The negro women, as well as most of the negro men, have quit work and this morning there was a threatening situation when a large number of negro women gathered in front of the Farill postoffice and indulged in inflammatory talk. They were finally driven to their homes.

Although there are many negroes in the vicinity of Farill, the whites are in the majority. A late message received from Farill says no trouble is expected tonight.

AFFAIRS AT STATE CAPITAL

Judge Connor Hearing Argument in Suit of Oil Companies to Enjoin Enforcement of Oil Inspection Act—Charters.

(Special Star Correspondence.)

Raleigh, N. C., August 2.—Judge Henry G. Connor, of the Federal court, heard today the argument in the case of the Red C Oil Co., Baltimore, and other independent companies, against the North Carolina Board of Agriculture, in which the oil companies seek to procure a permanent injunction against the enforcement of the act of the recent Legislature for the inspection of illuminating oils sold in the State. There is a temporary injunction by United States Circuit Judge J. C. Pritchard, granted on petition of the oil companies and applying to the inspection regulations and not to the tax of half cent per gallon levied on the oil by the bill. The arguments in support of the suit for injunction were by ex-Governor Charles B. Aycock and ex-Judge R. W. Winston, while the argument in defense of the act and on behalf of the members of the State board of Agriculture, who are the defendants in the case, were by Hon. R. H. Battle as counsel for the board, and by Attorney General T. W. Bickett, appearing in behalf of the State. The lines of argument were sharply drawn on the questions, especially on the point involving the constitutionality of the act as involved in the questions of whether or not the Legislature delegated to the Board of Agriculture powers that it should have exercised in establishing the standard of tests to be applied to the oils and the more important regulations, and whether or not, under the guise of police regulations the act really levies a tax on inter-State commerce.

It will be a matter of special and pleasing interest to all who are interested in the success of North Carolina literature that the first edition of that remarkable little volume "A Southerner in Europe," by Mr. Clarence H. Poe, has already been exhausted and that a second edition is in press. The Mutual Publishing Co., Raleigh being the publishers. In literature and as an editor, Mr. Poe is making a name for himself and reflecting honor on the State, of which every citizen may well be proud.

The Mount Olive Manufacturing Co., Mt. Olive, received a charter today with $10,000 capital authorized and $8,000 subscribed by J. R. Bell, L. A. Bird and others, for a general lumber and wood working business. Another notable charter was issued to the Carolina Automobile Co., of Charlotte, capital $30,000 authorized, and $6,000 subscribed by E. A. Robbins, O. A. Robbins and E. M. Bell. There is also a charter for the Harper Livery Co., of Salisbury, capital $10,000 by J. P. Harper and others.

SOUTH CAROLINA IS DRY.

Dispensaries All Closed Yesterday. Heavy Sale of Liquor.

(By Wire to the Morning Star.)

Columbia, S. C., Aug. 2.—At sundown today every dispensary in South Carolina closed its doors—some of them probably permanently, the others for about three weeks or a month.

The sale of liquor on the eve of the drought is reported to have been large.

Two weeks from today every county in the State will have a chance to speak for itself on the liquor question and the voters are expected to profit by the fortnight's experience in prohibition territory.

At midnight tonight an especially stringent liquor law goes into effect, providing a fine of at least $100 or imprisonment of three months or more for the first conviction for the illegal sale of liquor and imprisonment for one to five years without alternative fine for the second offense.

—Canton, Aug. 1.—One of the leading boarding houses was thrwon into quite a commotion last night. There had been stopping with the boarding house a couple claiming to be man and wife, giving their names as James and Grace Heaton. Last night a Mr. Russell ,hailing from Blue Ridge, Ga., came into town on a hunt for his wife, who had taken French leave of the town and his home. By some fortune (good or otherwise) he stopped at the selfsame house where Heaton and his supposed wife were stopping. Mrs. Heaton (or Russell) was at the table and as soon as the true husband came in at the front door she skiddooed for the back door, ran up stairs and told Heaton to hit the road. He came down town but wrote a note to Mrs. Heaton (or Russell) to meet him at the foot of the hill. The true owner of the woman got on the track and with a policeman met Heaton. He spent the rest of the night in Canton's free boarding house and today is hunting a friend to furnish the $250 bond asked by Mayor Curtis. The woman in the case says she loves Heaton and will stick to him, and never will go back with Russell. The parties all appear well-to-do, neatly dressed and good looking. The case seems to be one of love for the other fellow.

HARRY THAW CASE

Asylum Physician Tells of His Actions in Confinement.

HE WAS SILLY AND POMPOUS

Thaw Was Amused at His Acquittal of Murder of Stanford White—Quarreled With Other Inmates Over Cards.

(By Wire to the Morning Star.)

White Plains, N. Y., Aug. 2.—How Harry K. Thaw conducted himself at the Matteawan asylum for the criminal insane, a phase of his life not gone into before, was described today by Dr. Amos B. Baker, first assistant physician of the institution, the only witness called by District Attorney Jerome at the continuation of the hearing by which Thaw hopes to obtain his release. The examination of Dr. Baker had not been finished when adjournment was taken.

Aside from his testimony a two-foot stack of canvas bound books, labeled, "The People vs. Harry K. Thaw"—records of the murder trials—furnished all the evidence introduced by Mr. Jerome today.

Mr. Jerome expects to be through with the State's alienists tomorrow and Charles Morschauser, Thaw's lawyer, will put his client on the stand, possibly late tomorrow afternoon.

Mrs. Copeley Thaw, as she entered court today, heard Jerome introduce against her son testimony she had willingly given neretofore to save his life. Today it was seized upon by the State to prove him insane. It included her accounts of his nervous temperament as a child, materially valuable to Thaw when he was in danger of the electric chair but now menacing to his hope of proving himself a sane man.

Dr. Baker's testimony was read by himself from his "case book" and described Thaw's conduct, both normal and queer, on many occasions, from February 1, 1908, the date of his commitment, until June 25, of the present year.

While some of these described the patient's acts as "silly," and while the witness said that in his belief Thaw was irrational now, Thaw's attorney made him admit that during the first three months of the patient's stay at Matteawan, he observed no signs of paranoia.

When Thaw reached Matteawan on the day the jury acquitted him of the murder of Stanford White, on the ground of insanity, almost his first statements, according to Dr. Baker, were "expressions of amusement over the clever work of his lawyers and alienists." He said frankly, according to Dr. Baker, that his acquittal was obtained by exaggerating certain incidents, and putting in testimony Jerome was unable to refute because he had not the facts.

The witness described Thaw's manner at most times as "silly and pompous." He said he quarreled with the other patients who played cards with him, calling them "stupid donkeys." From his notebook he told of various incidents, including Thaw's refusal to accept mail addressed to him; his refusal to see his wife until told that Mr. Morschauser had sent her and "his insolent and domineering" actions toward the physicians and attendants.

Last Fall the prison authorities searched Thaw's pockets when he was asleep and the next day he offered $500 reward for the detection of any one tampering with his clothes. The fruits of this search appeared in court today when Dr. Baker handed in as evidence about 30 newspaper clippings. They were not read, but Mr. Jerome explained that all were on sexual topics.

Mr. Morschauser weakened the force of this exhibit by making the witness testify that in all he had found nearly 200 clippings in Thaw's pockets and that they were on various subjects. He said he had brought the 30 to court because he thought they all had a bearing on the case. Justice Mills told him to fetch the others tomorrow.

When court adjourned for the day, Mr. Morschauser was trying to make Dr. Baker admit that a musical at the hospital not long ago was arranged for the purpose of letting Thaw make a fool of himself. Thaw refused to attend the affair.

BROKER GOES TO PENITENTIARY.

Prominent Boston Man Stole $4,000 Worth of Leather.

(By Wire to The Morning Star.)

Boston, Mass., August 2.—After pleading guilty to a charge of receiving stolen goods, Henry P. Garrity, a local wool broker, was sentenced to two years in State prison today for having participated in the robbery of leather valued at $4,000 from the New York, New Haven and Hartford Railway Company in January 1908.

The stolen leather was traced to St. Louis where it was found. Garrity and two other men were arrested and the other two have already been convicted and sent to State's prison.

TARIFF HELD UP

Nigger in Wood Pile Concerning Hides and Leather.

WESTERN SENATORS FOOLED

They Threaten to Defeat Payne-Aldrich Bill Unless They Get Satisfaction—Objection in House to Government Automobiles.

(By Wire to The Morning Star.)

Washington, August 2.—Tariff legislation has been delayed again by the hide and leather question, and as a result the conferees were again called together taday.

The session was for the purpose of enticing into the open a certain "ebony-hued person," who was reported by Western Senators to be "lurking in the woodpile."

These Senators say the leather schedule, which was arranged by the conferees with the approval of the President, was unfair to the States interested in hides. It was agreed to day that they must conciliated if the conference report is to be adopted.

Soon after the Senate met today, the Senate leader and his associates learned that the charge that there was a "joker" in the compromised hide and leather question had upset the comfortable majority they had previously counted for the adopted conference report.

The difficulty appeared to be a lack of understanding between the conferees, the President, and the Western Senators concerning the condition under which the latter consented to hides being placed on the free list. The Westerners said they had been led to believe that all boots and shoes of leather were to be dutiable at ten per cent and that all harness at twenty per cent. When the conference report was issued, it appeared that the reductions applied only to articles manufactured in chief part of the class of hides, which were to be made free of duty. The reductions would not apply to shoes, the uppers of which were made of calfskin, or to harness, the chief value of which was calfskin.

Finding the Westerners not amenable to argument, some of the Senate leaders, and some of the dissatisfied members, repaired to the White House. They were all informed that the President had not been fooled. He was reported to have told all of his callers that he fully understood the character of the compromise.

It was declared by the conferees, in defense of their action, that the course pursued was necessary from a parliamentary standpoint. To have reduced all boots and shoes they said would have compelled the re-submission of the question to the House.

Senator Aldrich was among those who called at the White House. As soon as he returned to the capitol he called the conferees together and a number of Senators were given an audience before the committee.

Senator Aldrich and Representative Payne said the language employed in adjusting the hide controversy was not joker. An effort was made to reach an understanding with the men from the cattle raising States.

Senators Brown and Borah both had letters from the President bearing upon the alleged "joker," which were read to the conferees. The President asserted that the leather and hide schedule, as adopted by the conferees, was just as he had understood it. He said that his understanding was that the reduction on leather goods should be made on those manufactures of the hitherto dutiable hides and should not include manufactures of higher to free hides.

It was realized by the conferees that these Senators, augmented by the progressive Republicans opposed to the Payne Aldrich bill, could defeat the report if they were so inclined.

It was practically conceded that in order to secure the passage of the conference report by a safe margin, the low rates on boots and shoes and harness would have to be applied to calfskin products as well as to leather from a class of hides that are now dutiable but which are made free by the conference report.

No programme has been reached positively as to the course of procedure that will be followed in accomplishing this result.

House Proceedings.

Washington, August 2.—The conference report on the Philippine tariff bill was agreed to by the House today. The measure, which is supplementary to the Payne tariff bill, is intended to provide enough additional revenue to make up the amount which will be lost to the Philippine government by the enactment of the provision for free trade between the United States and the Philippines.

The purchase of automobiles for the private use of Government officials was made the subject of a severe attack by Mr. Sims, of Tennessee.

Mr. Sims ciriticised the use of automobiles by the quartermaster's department of the army and expressed his conviction that it was an outrage for the Government to provide automobiles for the private use of officers while six and twelve dollar pensions were being paid to widows of soldiers and the salaries of clerks were being pared down to reduce expenses.

"I am getting tired of this aping of the ways of royalty," he said.

Asserting that the debate on the Senate amendments would afford the Senate an idea of the attitude of the House on the various amendments, Mr. Tawney asked that the committee of the whole disagree to all the amendments en bloc.

Mr. Clayton, of Alabama, while agreeing with Mr. Tawney's proposition said he wanted to know why the provision for a vehicle for the Vice President specifically named an "automobile," while the provision for the Speaker merely stipulated "carriage or other vehicle."

"Does this mean that we are to provide an aeroplane, a diplane, or a monoplane for the Speakers, or does it mean that the speaker is to ride around on a motor cycle like a policeman?" continued Mr. Clayton.

Mr. Tawney said he would interrogate the Senate conferees regarding this and other matters if the bill was sent to conference.

The question of granting waterpower rights, in regard to which there was a strong difference of opinion between former President Roosevelt and the last Congress, was brought up today.

Mr. Bartlett, of Georgia, managed to obtain the passage of a bill granting a franchise for the building of a dam across the Savannah river between Edgefield county, South Carolina, and Columbia county Georgia.

Mr. Mann, of Illinois, supported the measure and said that he felt certain that President Taft would not veto the bill. There was little opposition to the bill.

JACK JOHNSTON WILL FIGHT

Negro Heavyweight Champion Covers James J. Jeffries' $5,000 Forfeit. White Fighters Manager Talks of Coming Mill.

(By Wire to The Morning Star.)

Chicago, Aug. 2.—George Lyttle, backer of Jack Johnson, today posted $5,000 forfeit with a local sporting writer to cover the sum already put up by James J. Jeffries, as a preliminary to a championship ring battle between Jeffries and the colored man.

New York, Aug. 2.—Sam Berger, manager for James J. Jeffries, expessed considerable delight and said: "Well, I guess there'll be a fight," when informed this evening that Jack Johnson had posted $5,000 in Chicago today to bind a match with Jeffries for the heavyweight championship.

At to a report that Johnson wants Jeffries to agree to the time and place for the match before the latter goes abroad Berger said: "How can Jeffries name any time or place for the fight—particularly a place—before a bid has been received from a promoter. If Johnson means business," he continued, "he should come here to New York as soon as the bids for the fight are in and he and myself will go over them, and anything that looks reasonably good to us both we will accept. Jeffries wants what is fair and reasonable. Any other champion—and Jeffries is the real champion—would have demanded 90 per cent. of the gate or purse but he is good enough to say that Johnson shall have a loser's end."

SOUTHERN PINES BANK.

Further Details of Closing of Institution There Last Week.

(Special Star Correspondence.)

Southern Pines, N. C., Aug. 1.—Notice is today posted on the doors of the Citizens' Bank and Trust Company of this city that a shortage of something like $15,000 exists in the accounts of G. A. Kimball, cashier, and the bank is in the hands of the examiners. The suspicion of the bank's officers was aroused by mimeograph circulars sent out by Cashier Kimball to brother cashiers of other banks appealing to them to subscribe to two papers through him for $3 per year, and pleading that he was in hard luck, bad health and had a large family to support and was going to give up his position. He intimated in these circulars his shortage and some of the cashiers receiving same sent them to the postoffice department and others sent them to bank officials here and informed them they had better look out for their cashier. A postoffice inspector arrived here a few days ago to begin the investigation and it seems Cashier Kimball took speedy leave for a vacation in Maine. Drafts of $12,000 on banks in Spokane and handled through banks of Wilmington and Raleigh, are said to be protested, account of no funds to cover. The bank had $10,000 capital and it is reported depositors will be paid in full.

Kimball was twice mayor, was prominent socially here and was trusted by all. Even after the doors were closed many refused to credit the report. It was thought by all that Cashier Kimball lived beyond his salary but it was thought he had property in the North and had other income. The closing of the bank has badly demoralized business as there were few in town who did not have money on deposit there. The fruit men were the heaviest depositors, having recently begun receiving returns for large amounts which were placed on deposit immediately. This is the third bank in eight years that has gone under here.

At Groton, Conn., yesterday Captain Christopher G. Newbury, died from ptomaine poisoning after eating lobsters. John Blifford, of New York, is in a precarious condition and three others are seriously ill.

—Sailors' Chanty.

All the games on the Eastern Carolina League circuit were postponed yesterday on account of rain at Raleigh, Goldsboro and Fayetteville; in fact rain seems to have prevailed almost everywhere in the State yesterday afternoon except at Wilmington. Doubleheaders will be in order this afternoon and the greatest interest will be manifested in the results as Wilmington, Wilson and Raleigh are massed closely at the top and further leadership in the League may be determined on either of two diamonds.

The play in detail of both games will be taken at the electric matinee at Struthers' beginning at 3 o'clock and all the bugs are expected to be on hand to hear the result. There will be no advance in prices. The last game will be called on the electric scoreboard at 4 o'clock and those who cannot see the first are invited to see the second.

"PLUV-ISMS."

Slush!

Damp poor weather!

Still holding down the lid.

"Raleigh; your hat off to the Rain God!"

Because he saved you a smarting little defeat at the hands of the fast moving Sailors.

Its a good thing the Wilson team has no peg leg men on its rolls. They'd be at a considerable disadvantage with some of the balance of the club when it came to kicking.

They don't slop over in the Capital City any more over the juvenile pitcher with the ecclesiastical cognomen. "Never you mind, Raleigh; Pope will be grown some of these days, and then maybe he'll be a twirler."

Tobaccoville has a chronic grouch that they don't seem to be able to shake. When the team doesn't win a game in the regular way, and happens to lose, they pipe a lot of stuff in the papers about being due other games, etc., etc., etc., entitling them to the place at the head of the column. The sooner Wilson wakes up and gets busy playing ball, the better it will be for them.

PRESIDENT TAFT'S VISIT.

November 8th Date of His Visit to Wilmington—From Columbia.

(By Wire to The Morning Star.)

Washington, D. C., Aug. 2.—According to tentative arrangements made today for President Taft's Southern trip this Fall, he will be in Wilmington on the afternoon of November 8th, going there from Columbia on his return to Washington. The President will arrive in Charleston, S. C., at 5:15 o'clock on the afternoon of November 5th from Savannah and will remain there until 8 o'clock in the morning of the 6th, when he will leave for Augusta. He will be in Augusta until 7:30 A. M. November 8th, leaving for Columbia and arriving there will remain until 5 o'clock in the afternoon when he will go to Wilmington on his return to Washington, probably remaining there over night.

STATE FARMERS' CONVENTION.

The manufacturers, the wholesale merchants, the retail merchants, the publishers, the farmers and about all allied interests have their organizations. There is a purpose in it and it but follows along the old line that "in union there is strength." This getting together of allied interests has brought about progress and co-operation and worked for a betterment of systems, methods and conditions wherever, co-operation has been undertaken.

The Star is a firm believer in co-operative undertakings, and we have always stood by those of the farmers We heartily endorsed and advovated their cotton warehouse movement, we stand for the farmers' institutes, and we are now for the Formers' State Convention.

Numerous farmers' institutes are now being held throughout North Carolina and we hope they are being largely attended, for it is in them that the farmer gets the benefits of the experiments and methods that have been developed on a scientific basis and in these institutes the farmers have a wide field for the acquirement and dissemination of instruction that will greatly advance the cause of agriculture. No farmer should miss one of these institutes, for it is a rare privilege that is afforded to him and one that should be fully realized and appreciated.

Next to the farmers' institutes in importance is the Farmers' State Convention which is now held annually in North Carolina. The convention will be held at the North Carolina College of Agriculture and Mechanic Arts, at Raleigh, August 24th to 27th inclusive, and doubtless it will be the most important of all the conventions ever held for the up-lift of agriculture in North Carolina. A splendid programme has been arranged and the immense benefits to be derived from it should induce the farmers to overflow Raleigh on that occasion. It is hardly necessary to say more than to urge our live farmers to keep the dates in mind and make their arrangements to go to the Farmers' State Convention and make it the biggest in the State's history.

At the Farmers' State Convention there will be four days of real study of agriculture, horticulture, dairying, stock judging, etc. In addition to discussions by well equipped men from our own State, the programme includes competent speakers from the Department of Agriculture, Washington, D. C., and from other States. Practical questions will be discussed by practical farmers.

While the Farmers' State convention will be in session, there will be at the same time and place a Woman's Convention at which competent women will discuss the problems of home making, housekeeping, cookery, and the prevention of diseases.

The railroads will be asked for reduced rates, and in order to help take care of the crowds President Hill, of the A. & M. College, offers board at 25 cents a meal and room rent free, provided each person should take with them a sheet and pillow case. Let the farmers of the State and their wives attend.

ATLANTIC METROPOLITAN ROADWAY.

The Star acknowledges its dereliction to duty in not previously exploiting an automobile roadway that will take in Eastern North Carolina and Wilmington. However, Dr. Russell Bellamy, of this city, but for eighteen years a resident of New York, suggests that the time is opportune for a movement looking to the construction of a splendid modern highway to connect the metropolitan cities of the Atlantic Coast, extending from New York to Key West, Fla. The idea is to have this highway follow the coast as near as possible and take in Washington, Richmond, Wilmington, Charleston, Savannah, Jacksonville and other cities North and South.

This proposed inter-metropolitan route has been suggested to Dr. Bellamy by the great impetus given to good roads building in North Carolina during the last year by the agitation of the inter-capital route from New York to Atlanta. The mere agitation of the metropolis to metropolis route, he thinks, will be a first rate means of creating renewed interest in good roads building in Eastern North Carolina and will demonstrate at least that we have inherited the enterprise and public spirit of our ante-bellum ancestors in building the great lines of railway which now are links in connecting our coast cities by rail from Maine to Florida.

Such inland cities as Charlotte, Raleigh, Fayetteville and other North Carolina towns have held many good roads meetings and great energy is displayed in developing a good road from South to North to connect the capitals en route. Much more important does Dr. Bellamy consider the connection of the mertopolises along the Atlantic coast. The mild climate and fertility of the soil in this region would have attention attracted to them, and in all respects the metropolis to metropolis roadway would be an ideal one.

Heretofore wars have been fought on land and sea, but the acceptance last week of the Wright Brothers' aeroplane for war purposes by the United State Government brings us to the realization that hereafter the air is to be used for the purpose of carnage. The peace movement seems to have moved on.

CURRENT COMMENT.

—Our townsman, ex Governor T. J. Jarvis, has accepted an invitation to attend the reunion of Confederate veterans in Charlotte, the latter part of August, and will address his old comrades on that occasion. There is no man in the State more loved than Governor Jarvis, and the reunion will be made all the more interesting by reason of his presence.—The Greenville Reflector.

—Mocksville is shipping away an average of seventy-five wagon loads of rough lumber per day, instead of keeping it all and making it into the finished products. Things like this make a country poor. The town ought to build wood-working plants and ship not a stick of rough lumber. North Carolina has been shipping rough material long enough. Let's make it into goods and keep the high profits at home.—Lexington Dispatch.

—Many people are going to Charlotte for ideas on town boosting. They could very profitably return, via Wadesboro, and carry home some valuable hints on "How to Bring Big Railroads to Town." In this connection they would have an opportunity of consulting Mr. George W. Huntley, who helped to get both the Atlantic Coast Line and Southbound roads. He knows the secret; ask him.—Wadesboro Ansonian.

—It has been ascertained that the farmers of South Carolina have big bank accounts, a careful estimate showing about ten millions to their credit. No doubt about the same conditions exist in most live farming communities. The farmer gets fine prices, he is up with the sun, makes hay whether the sun shines or not, while the denizens of the towns, big and little, try to see how fast they can live and how much they can spend. We must keep up with the latest styles of dress, know how to play bridge whist and all the other games; give entertainments, receptions and the rest every week or two, while in the summer we must hike out to some fashionable watering place where new and expensive clothing must be used; dance all night and blow in what we have. Extravagance in living has much to do with the country, but it does not effect the countryman like the man in town. We are living too dog-gone fast and it is costing too much. You may squirm, but it is true.—Greensboro Record.

TWINKLINGS.

—Mr. De Bore—The hours fly when I am with you. Miss Tersleep—Well, that's one comfort.—Cleveland Leader.

—Redd—Have you ever timed your automobile? Greene—Oh, yes. It stood perfectly still for forty-eight minutes on the road today.—Yonkers Statesman.

—"But, I say," yelled the "champeen of the peepul, "where does the ultimate consumer come in?" "At the finish," said the man with the carpet bag, "and, mark my words, it will be his'n, all right."—Boston Herald.

—Mrs. Stubbs—It's queer, John, that you don't hear of many women going trout fishing. Mr. Stubb—Not at all, Maria. You know, in trout fishing you can't speak a word for hours at a time.—Chicago News.

—The Artist—Do you know the difference between working and playing? The Musician—Yes; the man who gets music out of a violin is playing; the fellow that gets noise out of a drum is working.—Syracuse Herald.

—"Paris is a wonderful center of social gaiety and popular excitement," "Yes," answered Mr. Cumrox, thoughtfully. "I should not be surprised if Paris might one day claim recognition as the Pittsburg of France."—Washington Star.

A DELIGHTFUL NORTHERN TOUR.
Personally Conducted to
Washington, Niagara Falls, Toronto, Thousand Islands, Montreal. Quebec.
Four days in New York City, at very attractive rates, via
SEABOARD AIR LINE.

Mr. C. H. Gattis, D. P. A. and Mr. Jas. Ker, Jr., C. P. A., Seaboard Air Line, are arranging what will certainly be the most popular and delightful tour of the season, especially is this so as the party leave the Carolinas on September 1st, 1909, the most delightful time of the whole year to go on your Summer trip, and they will visit all the principal points of interest in the North—Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Saratoga, Ausable Chasm, Four days in New York City, and Philadelphia, and all the New York theatres will be open for the Fall. An attractive feature of this tour will be the trip up the Historic Potomac, passing the Grand Old palatial home of "The Father of His Country."

The trip is to be made at the lowest possible figure consistent with the first-class hotels and other things connected with the tour, which will include railroad fare, Pullman, hotel accommodations, meals, sight-seeing trips, transfers and in fact, everything, with the exception of meals in New York, and a few other minor expenses, nearly all the sight-seeing trips are included. This last feature is a very good one as it will enable the party to spend their time seeing the sights without the bother of the details, which will be looked after by Mr. Gattis and Mr. Ker, both of whom have had wide experience in this branch of the passenger service. Time will be spent in Toronto during the Canadian Exposition, and stops will be made at all points of sufficient length to enable the party to see all the points of interest without hurrying. Mrs. Gattis and Mrs. Ker will chaperone the tour, and ladies should not hesitate to go alone. The tour will prove a most attractive one. A very attractive illustrated booklet containing detailed information can be had upon application by letter or in person to the undersigned, and those interested should write at once, as the party will positively be limited, and those applying first will get the lower berths, so it will be to your advantage to book early. Every detail has been arranged with the view to making this a most delightful and comfortable tour for all.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acrid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acrid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

One Was Enough.

The British academy once had printed a few copies of an important work for presentation to some foreigners who, from their prominence in the scientific world, were best entitled to be honored with the gift. Professor Airy, the astronomer royal, was requested to make a selection of the names. A few days after he had sent in his list he was informed by the secretary of the admiralty that "my lords" were struck by the number of unknown names included and that they wished to make an inquiry on the subject. Airy asked the secretary for some specifications as to the names referred to.

"Well, as an example," said the secretary, "here is the name of Professor C. F. Gauss of Gottingen. Who is he?"

"Gauss is one of the greatest mathematicians of the age and stands among the two or three most eminent masters in physical astronomy now living. Who else do you wish to know about?"

"No one else. That will do," replied the secretary.

What Man Owes to Birds.

"It should be realized," said a naturalist, "that without birds to hold in check the insects vegetable life soon would cease and life for man would become impossible upon the earth. Birds are nature's check to the amazing power of insects to increase. If insect life were allowed free course it would soon overpower plant life, and therefore animal life, including that of man, would be impossible. This is an astounding conclusion, but it is the conclusion of science. If the birds were gone very soon the leaves would disappear from the trees, and the limbs would be festooned with the webs of caterpillars or with masses of their nests. These would move from tree to tree, increasing by the million as they advanced. In the course of a few seasons there would be no trees. In the fields other species of insects would destroy the grass and the grain and all vegetable life, and the ground would be as if a sea of devouring mouths had passed over it."

Laziness.

"Laziness is responsible for too much of the misery we see about us," said a clergyman. "It is all very well to blame alcohol for this misery, to blame oppression and injustice, but to what heights might we not all have climbed but for our laziness? We are too much like the supernumerary in the drama," he went on, "who had to enter from the right and say, 'My lord, the carriage waits.'

"'Look here, super,' said the stage manager one night. 'I want you to come on from the left instead of the right after this, and I want you to transpose your speech. Make it run hereafter, "The carriage waits, my lord."'

"The super pressed his hand to his brow.

"'More study, more study!' he groaned."

The Dragon Tree.

The dragon tree of Tenerife is perhaps the strangest vegetable in the world. It is thought to be a kind of giant asparagus, whose dead branches serve as a support for the crowns. New roots as they come into being encircle and conceal the original stem, which is far away inside, and the roots which become detached from the stem may be seen hanging withered in the upper tree. The trunk is generally hollow, and in the case of an old tree which was destroyed in 1867 there was a spacious chamber which had served the natives as a temple for generations. The tree was forty-eight feet around and ninety-five feet high and is supposed to have been originally watered with dragon's blood, which is the name now given to the sap. This is a regular article of commerce.

A LARGE CONTRACT.

When J. Hicks Bunting Drug Co, enterprising druggists, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, they thought it probable from their experience with other medicines for these diseases, that they would have a good many packages returned. But although they have sold hundreds of bottles, not one has been brought back.

J. Hicks Bunting Drug Co., want every person in Wilmington who has constipation, dyspepsia or liver trouble to come to their store or send J. Hicks Bunting Drug Co. 25 cents by mail and get 60 doses of the best medicine ever made at half the regular price, with their personal guarantee to refund the money if it does not cure.

To those suffering with dizziness, headache, poor digestion, constipation, and straining, Dr. Howard's specific offers quick relief.

AFTER MANY YEARS.

Interesting Visitor to Wilmington, Now of the State of Texas.

An interesting visitor to the city is Mr. W. L. Murphy, of Mexia, Texas, formerly a resident here, who is a guest of Mr. J. W. Murchison. Mr. Murphy, whose years yet fall upon him lightly, left Wilmington in 1873 and went to Texas, where he has succeeded remarkably well and now returns to this section to visit the scenes of his boyhood. He is a son of the late David Murphy, of Fayetteville, and comes to Wilmington to see the scenes of his young manhood, having lived with his uncle, the late Patrick Murphy, in 1872 in the residence which is now occupied by the Star office. At that time he clerked for the late Col. F. W. Kerchner and received that business training which has stood him so well in after life. Yesterday afternoon in company with Mr. Murchison, Mr. Murphy went for a trip down the Cape Fear with Capt. John W. Harper, on the steamer Wilmington, without which no trip to Wilmington is complete. Mr. Murphy expects to be here several days and is being cordially greeted by many of the older residents of the city.

COUNTY SOLONS IN SESSION

Regular Monthly Meeting Held Yesterday Afternoon—Principal Business Was In Consideration of Road Matters.

Matters pertaining to the improvement of the roads of the county consumed a greater portion of the time of the Board of County Commissioners in regular monthly meeting for two hours yesterday afternoon. Chairman Duncan McEachern presided with Commissioners J. P. Montgomery, M. W. Divine and W. F. Robertson in attendance.

Several persons who had failed to list their property for taxation appeared before the board and asked to be permitted to list. The requests were granted and they were referred to List Taker Bunting. Mr. J. T. Kerr, of Cape Fear township, asked that a porton of the Gordon road be improved. It was ordered that an appropriation be made to straw about a mile of road which will put it in good condition. He also asked permission to erect telephone poles along the road near his house which are being removed from his pasture. The request was granted.

A communication from the Board of Aldermen was read notifying the board that the city would improve Third street to Greenfield to meet the Federal Point road. The route of the county road to connect with the city improvements was considered at some length, after which the matter was left with the permanent roads committee as to the best route to Third and Greenfield. Mr. M. S. Willard spoke of the advantages the road would be to the people of the city as well as of the county. He wanted the county to make connection at Third and Greenfield, but didn't care what route the Commissioners selected to get to that point.

On the recommendation of county superintendent of health, J. G. Hunter was exempted from poll tax on account of physical disability. On motion of Commissioner Robertson the assessment of the property of the Waccamaw Lumber Company was reduced from $35,000 to $20,000 on account of the removal of machinery. Colonel Walker Taylor and Mr. Clark, the latter of the firm, appeared before the board in the interest of the reduction, Colonel Taylor being the spokesman.

Upon request the Commissioners decided to exempt the Marion Seaside Home from taxation as long as it is used for charitable purposes.

Dr. W. D. McMillan, county superintendent of health, submitted his report for July, as follows: Five cases of fever at convict camp; eight cases of typhoid fever and three cases of diphtheria were reported in the county; 189 patients were treated in his office and six visited at their homes; 11 admission cards were issued to the charity wards at the James Walker Memorial Hospital and two patients to the dispensary.

On motion of Commissioner Divine the road committee was authorized to advertise for a lease or purchase of five miles of 30 to 56 pound railroad iron with fastenings and locomotive for use in the construction of the Federal Point road. The committee will reserve the right to reject any or all bids. tI is believed that the construction of a railroad along the road will enable the placing of material considerably cheaper than with teams.

Cmairman McEachern reported to the board that he had received official notice from President Foy, of the State County Commissioners' Association, that the executive committee had decided to accept the invitation extended by the New Hanover Commissioners to hold the 1909 convention in this city. The convention will be held next Monday, Tuesday and Wednesday at Tarrymoore Hotel, Wrightsville Beach. Manager Moore has mailed an invitation to the chairman of each board of commissioners in the State.

Chairman McEachern read a communication which he received Saturday from citizens living on Carolina Heights and community calling the attention of the board to the fact that city refuse matter is being dumped in that neighborhood and also within 200 feet of Bellevue cemetery. Efforts will be made to capture the offenders.

The report of Superintendent Hardee, of the county home, showed that there are eight white patients and 14 colored at the home and nine convicts. The report of Clerk Skipper of the Recorder's court showed collections during the month as follows: Fines, $249.20, costs, $176.70. Contracts to furnish grain and hay during the month of August were awarded as follows: B. F. Mitchell & Son, grain; John S. McEachern Sons, hay. The meeting adjourned at 5 o'clock.

CITY BOARD OF HEALTH.

Makes Recommendation to Aldermen as to Disposal of Refuse.

The City Board of Health in session in the Mayor's office in the City Hall yesterday afternoon passed a resolution recommending to the Board of Aldermen the purchase of five acres of land to be used for the disposal of city refuse matter and later erect a crematory upon the property. The recommendations came up before the aldermanic body last night.

The meeting was presided over by the chairman, Mayor Walter MacRae, and all three members of the Board were present as follows: Dr. Joseph Akerman, city superintendent of health and secretary of the board; Dr. A. H. Harriss and Mr. Joe Smith. City Attorney Herbert McClammy was also present.

Dr. Thomas B. Carroll, city meat and dairy inspector, who returned last week from Newbern, where he advised with the city authorities relative to a dairy inspector for that city, was present and stated to he board that Newbern had decided to adopt an ordinance similar to the one in force in Wilmington. Dr. Carroll was given the privilege of spending two days of each week in Newbern looking after the inspections in that city.

The report of Dr. Carroll for July showed that during the month he had made 23 inspections of dairies and found the sanitary conditions and the general health of the cattle good; 14 tests of milk for butter fats were made and in every instance came up to the required standard; 579 post examinations of slaughtered meats were made with no condemnations. He condemned a quantity of salt meat that was in a fresh meat stall and offered for sale.

The report from Dr. Akerman's department showed that during the month there were 70 births, 34 white and 36 colored; 51 deaths, 19 white and 32 colored; 14 new cases of typhoid fever were reported and two deaths resulted from this malady.

The Board was in session from 4 to 5:30 o'clock and several matters of minor interest were discussed, but not acted upon.

Entertained Last Night.

Miss Ella Brady delightfully entertained about twenty guests last evening at her home No. 408 Church street in honor of Misses Evelyn Hunt, of Hamlet; Leitha Lancaster, of Fayetteville, and Belle VanKurean, of Kingstree, S. C. Games and other diversions were provided for the young people and during the evening dainty and delightful refreshments were served, all voting Miss Brady a most charming hostess.

THE RECORDER'S COURT

Large Number of Cases Heard Yesterday Morning.

The Recorder had a "full house" yesterday morning and the session of court lasted from 10 to 1 o'clock. Most of the whiskey cases remanded back to the Recorder from the Superior court were continued, some on account of the absence of material witnesses. The case against Roland W. Young was continued on account of the illness of the defendant. The trial is set for Friday.

Case against Boss White, colored, was nol prossed with leave, the officers being unable to locate the main witness. The case against W. B. Sidbury, charged with selling whiskey, continued several times, was tried, the defendant being found not guilty. He was represented by Geo. L. Peschau, Esq. The case against Thomas James, alias "Lomax," another of the remanded cases, was continued until today on account of the absence of a material witness. John Heretos and Ath Mackiss, white, were tried on the charge of an affray. The latter was found not guilty and the former was let off upon the payment of the costs. W. D. Ward, colored, was found guilty of an assault and was fined $5 and taxed with the costs. Willie Mills and Charles Cobb, colored, were found not guilty of vagrancy.

Jim Cooper, alias Thomas Spalding, colored, was tried on the charge of stealing an ox from Poley Freeman, colored, at Bolton Friday night. The defendant was represented by Brooke G. Empie, Esq., who raised the question that as the alleged offense was committed in Columbus county the prisoner should be taken back there for trial. The Recorder was of the opinion that the larceny was not completed until the ox was sold here, but reserved his decision until today. The other negro wanted in connection with the theft is known to the officers and will probably be captured.

John Thompson and Mary Clemmons, arrested Saturday night, were tried on the charge of an affray, the fight having taken place near corner of Second and Orange streets. The case against the woman was dismissed. Thompson was found guilty and fined $25 and taxed with the costs, in default of which he will be sent to the roads for three months.

James Johnson and Willie Bower, two white boys, whose ages are 11 and 14 years, respectively, were arraigned on the charge of vagrancy. Johnson says he is from Southport and Bower claims Fair Bluff, N. C., as his home. It seems that they ran away from their homes and have been here several days. The Recorder reserved his decision in order to make a more thorough investigation.

A case against Albert Lamb, colored, for selling whiskey, sent back from Superior court, was continued until Tuesday and a capias was issued for a material witness who is at present in another county.

POLICE AND FIRE

Commission in Regular Monthly Session Yesterday Afternoon.

The regular monthly meeting of the Police and Fire Commission, Chairman Wm. E. Springer presiding and Messrs. Barry, Burnett and Woolvin in attendance, was held yesterday afternoon in the office of the clerk, City Clerk and Treasurer John J. Fowler, at the City Hall.

The business was largely routine and consisted of approval of department reports. That of Chief of Police Williams showed 78 arrests during July, 31 white and 47 colored; also the collection and payment into the treasury of $3 in pound fees. The report of Fire Chief Charles Schnibben showed eight alarms during the month and a property loss not exceeding $400. Both were ordered on file and a copy transmitted for the information of the Board of Aldermen.

Officer E. L. Smith, on account of impaired health necessitating his temporary removal from the city, was granted a two months leave of absence.

Application of Alex. Wells for a position on the police force was filed for the future consideration of the Commission.

The Commission went on record as endorsing the action of the chairman in requiring members of both departments to meet promptly all obligations or make satisfactory arrangements with creditors, it being the concensus of opinion that inasmuch as creditors are taxed to support the city government, employes should meet their obligations to them.

The election of a member of the force to succeed Sergeant H. W. Howell was postponed until a future meeting in deference to Mr. French, the absent member of the Board. There being no further business the Commission adjourned subject to call.

BOARD OF ALDERMEN MEET

Regular Monthly Session Last Night. Theatre Entrance Through City Hall—Committee on Contract System—Notes.

The Board of Aldermen in regular monthly session last night decided by a vote of five to four to make the main entrance to the City Hall building the main entrance to the theatre, as recommended by a majority of the Public Building Committee in connection with the very extensive improvements now being made to the playhouse in the rear, notwithstanding the objections voiced by many to thus prostituting this old and classic structure almost completely to theatre purposes; a special committee was appointed to confer with the Board of Audit and Finance for the purpose of getting together on the question of the street cleaning; an appropriation was made for the sinking of four deep wells in different sections of the city; the Streets and Wharves Committee was authorized to macadamize the street in front of the Marine Hospital with a view of ultimately getting permission of the National government to use a part of the grounds there as a public park and much other business of a routine and unimportant character was transacted as will appear from the detailed proceedings below.

The Board was called to order shortly after 8 o'clock in the city court room, Mayor MacRae presiding and Aldermen West, Hinton, Bonitz, Hall, Ellis, Stone, Yopp, Fales and Willard in attendance; also City Clerk and Treasurer Fowler and City Attorney Herbert McClammy. Minutes of preceding meetings having been read and approved, the regular order was taken up with unfinished business. Alderman Bonitz reported that he was proceeding under the Board's former order that where the property owners furnish the brick, the city will lay sidewalks. Alderman Hinton called attention to the ordinance requiring cement sidewalks west of Third street and Alderman Bonitz said this would be observed in future.

Alderman Stone reported for the Finance Committee that nothing had been done as to buying in the water works bonds of $75,000 held by Mr. Chas. E. Taylor and asked the City Attorney for a legal opinion on the subject, saying that he thought a saving of about $500 would be effected. Mayor MacRae said that evidently the holders of these bonds would profit by a sale of the bonds or they would not offer them for sale, therefore, if it advantaged the holders to sell, it would not advantage the city to buy. Alderman Ellis said that the old Board had gone into the matter before and Alderman Bolles had figured from the bond tables that there would be no saving to the city. The City attorney stated that the bonds now being a city obligation, it would be legal to buy the bonds, but the committee did not seem to be ready with a recommendation and the matter was continued with the committee with power to negotiate and act.

Chairman Bonitz reported that the Streets and Wharves committee had made no progress in its dickering with the Board of Audit and Finance as to whether the city should contract its municipal duties or perform those duties itself. The committee had now gone two months in an effort to get together and it seemed fruitless. He and Mr. Ellis had frankly told the Board of Audit and Finance that the city could not do the work efficiently at the same price that it might be done indifferently by contract. He read from the World's Work to show what proportion of city's taxables were spent for sanitation and street cleaning, showing that the per cent. in Wilmington was much lower than elsewhere. He said he didn't want to continue the fight against the contract system, but if the contract system were retained he wanted to be relieved of supervising the work and he thought that the Board of Audit and Finance should accept full responsibility of the service. Alderman Ellis spoke against the contract system in general and said that he saw the grand jury was going to take the matter up and he hoped that they would for that would settle the question of whether or not the Board of Audit and Finance or the Board of Aldermen was running the town.

Alderman Fales said if it cost a little more he was in favor of the city's doing the work more efficiently than it is being done.

Mr. J. M. Woolard, who was in the audience, asked permission to speak and in reply to Mr. Ellis' remarks, said that the grand jury's strictures were upon the disposal and not the collection of the garbage.

Alderman Hall was very much opposed to giving this work out by the contract, but it was a condition and not a theory that was being faced. He then explained how the transformation could not take place at once as it was proposed and pictured conditions that would exist were the present contract abandoned at once.

Mr. Hinton moved that the Board of Audit and Finance be notified that the Aldermen are still of the opinion that the work should be done by the city, but if they would not concur in the appropriation that all the street work be done by contract.

At the request of Alderman Hall, the city attorney made a further statement explaining that he believed that both Boards were acting along lines which they thought best for the people of Wilmington at large and setting out the conditions that exist, speaking in a very conciliatory manner and suggesting the appointment of a special committee to take the matter up with the Board of Audit and Finance. He explained how an action could be set on foot in the courts to settle the questions at issue and said the mere fact that a grand jury had taken the matter up would settle nothing, such an action being a mere personal indictment of members of the Board of Aldermen.

Alderman Yopp moved that the Finance Committee, composed of Messrs. Hall, Stone and Hinton, be appointed in line with Mr. McClammy's suggestions to go before the Board of Audit and Finance in an effort to reach an agreement, reporting back to the Board of Aldermen at a called meeting.

Alderman Stone explained that the Board of Audit and Finance would not allow one cent more than the work could be done for by contract and Mr. Bonitz said that the city could not do the work effectively with that amount, but said he could do the work as the contractors did it for that amount. It all seemed to be a question of whether or not the work is being done effectively by contract. Nearly every member of the Board expressed an opinion and the motion of Mr. Yopp was carried.

Chairman Ellis reported for the Sanitary committee that the laying of the pipe on Castle street was in progress.

Chairman Stone, of the Light committee, read a petition from certain residents asking for a light at 12th street and West avenue and the same was authorized.

Alderman Fales asked for an appropriation of $200 for detective work in the southern part of the city and the same was authorized.

Chairman Yopp, of the Public Building Committee, recommended that an entrance to the theatre be provided through the City Hall building in connection with the improvements now going on there, the entrance to be tried for a year and if not satisfactory, to be abandoned. Mr. Bonitz read a letter from Mr. Schloss withdrawing the request, if not unanimously satisfactory. Mr. Ellis spoke against the proposition. Mr. West moved that the entrance be allowed through the City Hall and the same was carried, those voting in the affirmative being Messrs. Yopp, Hinton, West, Willard and Bonitz; the others opposing, Messrs. Stone, Fales, Hall and Ellis.

Alderman Bonitz then read bids for doing the tiling work in the hall and other repair work in the City Hall. Mr. Ellis raised the point that the contract with Mr. Schloss requires him to maintain all approaches and as Mr. Schloss has been given the hallway as an entrance to the theatre that he would insist that Mr. Schloss pay for the tiling. Mr. Ellis, however, was overruled and the committee was given an extra appropriation of $65.40 to complete the improvements, including the tiling in the hallway, which Alderman Yopp said was for the benefit of the city and not for theatre patrons.

A communication with reference to an extension of the water system was referred to the Water and Sewerage Commission.

A recommendation from the Board of Health through Supt. Akerman, who was present, that the city purchase five acres of land, not so near population as to endanger health, as dumping ground for city refuse and location of the proposed incinerator was read and Alderman Bonitz made a lengthy statement of the result of the committee's recent visit to Washington to investigate the best methods of dealing with this problem.

Mr. Bonitz said that he awaited a letter on a new incinerator being built at Portsmouth, Va., before reporting definitely. Mr. Hall moved that the recommendation of the Board of Health be referred to the Sanitary Committee to negotiate for the purchase of he desired lands and report back to the Board of Aldermen.

Mr. West asked for an appropriation of $600 for the sinking of a deep water well at 3rd and Wright and 3rd and Brunswick streets; Mr. Ellis asked for one at Ninth and Chesnut for the Catherine Kennedy Home and Mr. Yopp for one at Fifth and Ann streets for the benefit of the schools near the later. The appropriations were granted.

Mayor MacRae brought up the matter of macadamizing Ninth street, from Castle to Orange street, in front of the Marine Hospital, the idea being ultimately to secure a part of the grounds for a public park. The matter was referred to the Streets and Wharves Committee.

The clerk read a communication from the County Sanitary Committee forbidding the dumping of certain refuge in the county after Jan. 1st. The Light Committee was directed to place a lamp on Seventh, between Dawson and Wright streets.

Mayor MacRae called attention to unpaid claims of property owners for paving on North Fourth street and the matter was referred to the city attorney.

Alderman Hinton, of the special committee, reported progress as to the purchase or building of a sewerage plant and said that the committee hoped to have something definite at the next meeting.

Reports were read from the plumbing inspector, milk inspector, meat inspector, superintendent of health, police and fire departments, City Clerk and Treasurer and others, after which the Board adjourned.

Southern Furniture Dealers Optimistic.

The August number of the Southern Furniture Journal, of High Point, N. C., Atlanta and Chattanooga, contains several pages of notable letters from retail furniture dealers all over the Southern States. They were requested to give their opinions of the business outlook for the coming Fall and Winter, and they write, with hardly an exception, in an optimistic spirit. They say that they expect a good trade, and will buy largely so as to take care of it. The country is getting in excellent shape once more, they state, and the effects of the panic will not be felt much longer.

BARGE GETS THIRTY YEARS

Judge Allen Gave Slayer of John Phifer Maximum Punishment for Second Degree Murder. Other Court Cases.

Ben Barge, Jr., colored, convicted in the Superior court last week of second degree murder for the killing of John Phifer, colored, in this city last November, was yesterday morning sentenced by Judge O. H. Allen to 30 years at hard labor in the State penitentiary. This is the maximum punishment for second degree murder. No notice of appeal was given and it is understood that Barge will begin immediately his long term in prison.

Wm. J. Bellamy, Esq., counsel for defendant, asked Judge Allen to be as lenient as possible in imposing sentence upon the defendant. Judge Allen said that the least the jury could have done was to find the defendant guilty of murder in the second degree and that it was possible that the efforts of Mr. Bellamy saved the negro from the gallows. He commented upon the fact that Barge was going about armed in violation of the law and the money over which the dispute arose was probably won in a gambling game. The circumstances in the case pointed to premeditation. Judge Allen commended Susan Tucker, colored, one of the principal witnesses for the State, who testified that Barge pursued Phifer, jumping several fences to overtake him. He said that he heard that Barge's father had tampered with the witness and that a thorough investigation would be made. Judge Allen commented at length upon the colored people and whiskey and said that he thought that whiskey was at the bottom of the trouble that resulted in the killing of Phifer by Barge.

The remainder of the morning session was taken up with the trial of Willie King, colored, against whom the grand jury returned a bill of indictment Saturday morning, charging him with perjury. King was a witness for the State in the case against Barge. Several witnesses were examined to show the discrepancy in the testimony of King as given before the coroner's jury and in the Superior court, among whom were Recorder John J. Furlong, Deputy Sheriff Harvey Cox, Deputy Clerk of Court W. N. Harriss, Dr. C. D. Bell, county coroner. King testified in his own behalf, declaring that he testified to the same facts at each hearing. The defendant was ably represented by Wm. J. Bellamy, Esq. Judge Allen in charging the jury said that if from the evidence the jurors found that King wilfully and maliciously changed his testimony a verdict of guilty should be returned. After being out only a few minutes the jury returned a verdict of not guilty and the defendant was discharged.

The afternoon session was consumed in the trial of one of the cases against J. H. Murphy, charged with retailing whiskey. It will be recalled that one of the six cases against Murphy was tried last week and resulted in a mistrial. The defendant was the secretary and treasurer of a so-called social club on Market street. He was arrested about four months ago and tried before the Recorder in six different cases for violating the prohibition law. He was sentenced to six months on the county roads from which he took an appeal to the Superior Court. He has been in jail ever since, being unable to give bond. When the case was called yesterday afternoon Colonel. A .M. Waddell, senior counsel for the defendant, waived the irregularities in the warrants as the defendant was anxious for trial. Several witnesses were introduced by the State and swore that they secured whiskey at the defendant's club rooms and left the money for it on a table. The defendant went on the stand in his own behalf and testified to being secretary and treasurer of the club. He did not recall the "occurrences" when the witnesses for the State secured whiskey and left money. The contention of the defense is that any money that might have been left on a table were "tips."

The taking of testimony was concluded shortly after 6 o'clock and K. C. Sidbury, Esq., junior counsel for the defendant, and E. M. Koonce, Esq., who is aiding the solicitor, made their argument to the jury before adjournment of court about 7 o'clock. This morning Col. A. M. Waddell, for the defendant, and Solicitor Duffy will address the jury.

The case against John Lowe, colored, charged with selling whiskey, was continued until the next term on account of the absence of a material witness. The case against Seth Jones, charged with seduction, was also continued until the next term and was set for trial on the first day of court.

Susan Tucker, main witness for the State in the case against Ben Barge, Jr., charges that the elder Barge met her on the street and threatened to mash her face if she testified against his son. This case will be investigated by the court. The cases against Mark and Leslie Winner, charged with trespass and damage to personal property at Carolina Beach, and M. L. Winner, charged with selling whiskey, all appeals from the Recorder's court, are set for trial today.

Young Men's Baraca Class.

The Young Men's Baraca Class of Immanuel Presbyterian Sunday school held an enthusiastic and largely attended meeting last night. The class was recently organized with the following officers: Levi Walton, president; W. B. Boykin, vice president; Roland Potter, secretary; Foster Sellars, treasurer; E. S. Potter, press reporter. At the meeting last night various committees were appointed. The members of the class are very enthusiastic and the organization will doubtless be an important adjunct to the Sunday School.

CAUSE THAT IS MOST WORTHY

Reclamation of Wayward Youth—Response From Wilmington Citizens.

The Star wishes here to again call the attention of the public to the appeal made in a brief card in Sunday's paper by Rev. R. W. Hogue, of Chapel Hill, in behalf of three Wilmington boys rescued during his residence here from influences which would most certainly have meant their ruin, and to acknowledge a check for $5 from Mr. W. M. Cumming toward the fund which Mr. Hogue is endeavoring to raise in order that these boys may be retained in a Reformatory-Industrial School until a place can be found for them in the State training school. People who have resided in Wilmington any length of time need not be told of the character of work Mr. Hogue accomplished here. These boys were sent several years ago to a school where their minds and hearts are being trained to useful citizenship. Mr. Hogue writes that he has excellent reports from them but the saddest lines of his letter are these: "I must now pay for their board, care and training for the past year, $125 each. Meanwhile they are costing $30 every month. Unless the money is paid shortly they will be turned adrift." Can you help me save them?" It would appear that any man of means who has ever been a boy could scarcely resist such an appeal. Mr. Hogue would appreciate any assistance that may be rendered. He has refrained as far as possible from making any personal appeal to his friends in Wilmington and more than this general request from a man of his known sympathy and love should not be necessary. Any checks handed the Star will be promptly forwarded with the generous response by Mr. Cumming to Mr. Hogue at Chapel Hill.

DEATH OF MR. J. A. NORFLEET.

Aged Halifax Citizen Died at Hospital Here Sunday.

The death of Mr. John A. Norfleet, an esteemed citizen of Halifax county, father of Mr. E. Norfleet, of this city, occurred Sunday morning at 7 o'clock at the James Walker Memorial hospital, where he had been ill for some time, and much regret is expressed for the family by acquaintances here and elsewhere.

Mr. Norfleet had been at the hospital here for several months for treatment for paralysis, which was the immediate cause of his death. Deceased was 67 years of age and was born in Halifax county, where he lived practically his entire life. He served during the war between the State with great valor and was held in high regard by his many acquaintances.

Of his immediate family there is only one surviving member, Mr. Eustace Norfleet, a well known citizen of this city.

The remains were accompanied to his old home at Scotland Neck on Sunday night by Mr. and Mrs. E. Norfleet and Mr. J. M. Taylor, a friend of the family. The funeral was held yesterday morning at 10 o'clock and the remains were interred at that place.

ENGAGEMENT ANNOUNCED.

Pleasant Surprise Given by Mrs. Mills in Honor of Cousin.

A pleasant surprise was the feature of a pretty entertainment given last evening from 9 to 11 o'clock at the home of Mr. and Mrs. B. S. Mills, corner of Fifth and Chesnut streets, when Mrs. Mills announced the engagement of her cousin, Miss Adelaide Rose McCollum, of Durham, to Mr. William Alexander Gattis, also of that city, to a party of newly made friends of the prospective bride.

Miss McCollum is one of Durham's most attractive and accomplished young ladies and has been spending some time here on a visit to her cousin. The engagement will be no surprise to the members of the family and was most pleasantly received by friends here. Her large concourse of admirers in Durham will be greatly interested in the engagement and marriage, which follows so closely.

The home was beautifully decorated for the unique social event, and in the dining room, where the guests assembled, a center table was profusely decorated and at the side of each plate two hearts on which was announced the engagement, was the pleasant surprise of the evening. The table was arranged most attractively and suspended from the chandelier were tiny streamers to which were attached small bags of rice, suggestive of the approaching wedding. The color scheme of pink and white, was carried out with much effectiveness, even to the costumes of the young lady guests in attendance.

The marriage of Miss McCollum and Mr. Gattis, the latter a successful and popular young business man of Durham, will be solemnized this evening at 6 o'clock, and following the wedding the couple will go on an extended bridal tour.

The guests last evening were Miss Rosa McCollum, of Durham, Misses Lillie and Bessie Sears, Miss Elizabeth Brinkley, Miss Ethel Brewer, Misses Bessie, Sudie and Margaret Mills and Messrs. F. L. Dempsey, W. M. Wiggins, J. B. Dickinson, Horace Pearsall, W. A. Leach, Louis Orrell, Mercer Taylor and Tulis Dill.

LEVI McMILLAN & CO. FILE DEED

Ex-Judge E. K. Bryan Is Named as Trustee in Instrument.

Messrs. Levi McMillan and A. E. Lynch, doing shoe business at 523 North Fourth street under the firm name of Levi McMillan & Co., filed a deed of trust late yesterday afternoon, and ex-Judge E. K. Bryan is named as trustee. He is directed to take over all the goods and other property of the firm subject to the right of J. C. McMillan, Jr., who holds a mortgage, and the owners of the La France stock of shoes, and dispose of the property, the proceeds to be used first to pay costs and expenses incurred in the administration of the deed of trust, including attorney's fees of $150 and a commission of 5 per cent., balance to be paid to prior encumbrances and to the creditors. In the event the money from the sale is not sufficient to meet all claims the money will be divided pro rata. The reasons given for the deed of trust are that the firm is desirous of paying various and sundry persons and also desirous of terminating the co-partnership. The assets and liabilities were not given and were not learned last night.

MARRIED IN WASHINGTON

Miss Rita Chaffee Becomes Bride of Mr. F. G. Robinson.

News was received here yesterday of the romantic marriage in Washington, D. C., yesterday morning of Miss Rita Chaffee, of Montgomery, Ala., and Mr. Fillmore G. Robinson, of New York, both of whom have been spending some time at Wrightsville Beach and are well known to many Wilmington people, especially the bride, whose father was observer of the United States Weather Bureau here some 15 years ago. Mr. Robinson and Miss Chaffee left Wilmington Sunday evening at 7 o'clock for Washington and the ceremony was performed there early yesterday morning. Some of their friends learned of the departure of the young couple and it was generally believed that they intended to get married.

Mr. and Mrs. Robonson will return to Wrightsville Beach tomorrow morning and will spend some time at the Northrop cottage. The bride is one of the most attractive young ladies on the beach this season and has been the recipient of many social attentions. She is a daughter of Mr. and Mrs. F. P. Chaffee, of Montgomery, Ala. and frequently visits here. As stated above Mr. Chaffee, who was in charge of the local weather bureau some 15 years ago, at present is in charge of the bureau at Montgomery, Ala. The young couple will receive the heartiest congratulations of a host of friends upon their return to the city. Mr. Robinson has been with the United Wireless Telegraph office in this city for several weeks.

MRS. ANNIE NORTHROP.

Passed Away Early Yesterday Morning at Home of Her Daughter.

Friends in the city will learn with deep regret of the death of Mrs. Annie Northrop, relict of Isaac Northrop, who passed away at 12:30 o'clock yesterday morning at the home of her daughter, Mrs. James Holton, No. 419 South Fourth street. She was in her 65th year and had been in declining health for some time past.

Mrs. Northrop had lived in Wilmington for many years, and since the death of her husband some six months ago, had resided with her daughter. She was held in high esteem by a large number of friends.

The funeral will be held this morning at 9:30 o'clock from the residence, Rev. T. P. Noe, rector of the Church of Good Shepherd, assisted by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, officiating. The interment will be in Oakdale.

At the Bijou Today.

"The Renunciation," a comedy drama of the wild, wooly West ,is the feature picture at the Bijou for today. It is a fine picture and will doubtless be seen by large audiences at each performance. The Bijou has large crowds every day and the pictures are heartily enjoyed.

SPIRITS TURPENTINE

—Another gold find has been reported from Lenoir county. Mr. Spence, a farmer, submitted speciments of rock containing specimens of pure gold to a jeweler in Kinston. The specimens have been sent to Raleigh for analysis.

—Lincolnton Times: Rev. Baylus Cade, of Boiling Springs, was in town a few hours Friday morning between trains. He had been on a visit to his son, Baylus, Jr., at Lenoir, and was on his way home. His type-setting machine is expected to be completed about the middle of August and the first one will be taken to Shelby for trial.

—Thomasville, Aug. 1.—Mr. C. R. Thomas, the prominent local druggist charged with the illegal sale of cocaine, was given a preliminary hearing here Saturday. Through counsel Mr. Thomas waived examination and was bound over to the Superior Court, Mr. F. W. Hancock, secretary of the State Board of Pharmacy, attended the hearing.

—Spencer Crescent: The rush of the fruit, vegetable and melon season is on with the Southern Railway Company, and many engineers and other trainmen are being hard worked. One engineer was heard to remark that he made over $100 in 10 days in July. The engineers, however, are none too well paid for their services, especially when taking into consideration, the many dangers and privations to which they are subjected.

—Wadesboro, July 31.—Wadesboro is winning! The Southern Cotton Oil Company announces the purchase of the Wadesboro Oil Mill Company. The plant includes the ice factory, two cotton ginneries, and the cotton oil mill. The purchasers of the plant will also establish at once a fertilizer mixing plant. This plant will give employment to a number of hands and will be a great convenience and probably materially lower the cost of fertilizers to the farmers. Mr. W. O. Bennett will be the local manager of the company.

—Asheville, Aug. 1.—Saturday afternoon Judge Newman, in United States Circuit Court, signed an order remanding to the Superior Court of McDowell county the $25,000 suit for breach of contract of Patton, Richardson & Co., against the Meadows Company, the South & Western Railway Company, and the Carolina, Clinchfield & Ohio Railway. Former Speaker E. J. Justice, of Greensboro, represents the plaintiff. Mr. Justice told Judge Newman that he didn't see how the cases ever got into United States court; that it was plainly a case for the State court. The case was remanded.

—Winston-Salem, Aug. 1.—Suicide, terribly planned and spurred on by fear that he had slain his wife, was the fate of Harrison Cline, 22 years old. The young man's body was found cut to pieces on the tracks of the Southern Railway in Salem early today. Last night he fired three shots from a revolver at his wife of a year, who had left but a few months ago, just before their child was born. Cline went to her father's house where she was staying, late last night and begged her to return to him. She refused and he fired upon her at a distance of six feet. One bullet grazed her fingers and she fell fainting. Her father, W. F. Gordon, grappled with him, but Cline broke away, leaving his revolver. Apparently he believed he had killed his wife and this led to his horrible suicide. The coroner's jury found a note in his pocket indicating that he was desperately inclined before he visited his wife.

—Wadesboro, July 31.—The past 10 days have been days of railroad talk in Wadesboro. Contractors have been coming and going. They have driven in from Winston, coming over the proposed route of the Southbound Railway and are busy preparing their bids, which are to be presented at Winston-Salem Monday. Along the line of the road in this county real estate is beginning to change hands. Especially is this true at Ansonville, a town ten miles north of Wadesboro. At this point real estate values have taken a big jump and those who would not believe even a month ago that the road would ever be built, are on the "band wagon" now. Here in Wadesboro the effect of the road is being felt, and several new enterprises are under consideration. The opportunity for the location of jobbing houses is receiving much attention just at this time.

—Chatham Record: Mr. and Mrs. J. W. White, an aged couple, who live near Rocky River, about seven miles from here, were taking a ride in a buggy one evening last week when some part of the harness broke, and both got out of the buggy to fix it While they were at work on the harness, the mule in some way got entirely loose from the buggy and dashed off into the woods. Mr. and Mrs. White followed, and after vainly trying for some little time to catch the mule they attempted to return out to the road to their buggy, but soon found they were lost in the woods. It being then dark, the concluded it better to stop where they were and spend the night than to ramble about in the woods. Mrs. White, when asked how she fared through the night, said being very tired she pillowed her head on her husband's bosom and had a very good night's rest and sleep and did not get chilly, though the night was cool and Mr. White had no coat and she no shawl or wrap.

Attractive Variable Route—Excursion Fares by the ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 2.—There was an excited advance on the Government crop report in the cotton market today and while the closing tone was barely steady, last prices were 30 to 33 points net higher. The market opened firm at an advance of 4 to 13 points on scattered covering and bull support due to a bullisn private condition report and continued expectations of a bullish bureau at midday. There was some irregularity as the hour for the government report approached and a sharp break in New Orleans was followed by a decline here which carried the active months off to within 2 to 5 points of last night's finals. Inside of 10 minutes after the government's report was published January contracts were selling at 12.70, while a little later December worked up to 12.73 and the main list was about 36 to 40 points net higher. This carried the market to within 14 or 15 points of the high records made on July 13th and attracted heavy realizing under which prices eased off several points from the top in the later trading. Liverpool was clased today. The government's August condition report of 71.9 comparing with 74.6 last month and 83 last year, is the lowest on record for the end of July, the lowest previous condition having been 74.9 in 1905.

Receipts today 2,404 bales against 2,622 last week and 2,541 last year; for the week 18,000 bales against 14,347 last week and 21,983 last year. Today's receipts at New Orleans 22 bales against 126 last year.

Spot cotton closed quiet 30 points higher; middling uplands 13.10; middling gulf 13.35; sales 604 bales. Futures closed barely steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 2.—An unexpected low condition report on cotton brought trading in cotton goods and yarns almost to a standstill in the primary market. Mills are not ready to quote on late contracts and buyers will not bid anything near the mills' values. Jobbing trade opened with good promise and many buyers are in town. Dress goods are selling steadily. Fine cottons are in active demand for Spring.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Aug. 2.—The general observation of the stock market in the financial district today agreed as to its evidence of great underlying strength, and increasing breadth in spite of the irregular and, at times, reactionary movement of prices. There was obvious evidence that very heavy sales to realize profits were conducted throughout the day. The absorptive power of the market and success which this gave to the effort to garner profits was remarked on all sides. It is a proverb in Wall street that bull markets culminate in furious activity and excited advances. The advance of such appearances today reassured rather than disturbed sentiment.

There was palpably going on a shifting of speculative holdings from old to new quarters of the markets. Houses which have been conspicuous in the operations in stocks which have led the market recently were concentrated buyers today of stocks which came to the front in the day's upward movement.

The most potent factor is sustaining prices in face of the heavy realizing sales today was the vigorous strength shown by Southern Pacific. This was the most conspicuous figure on the strong side of the market. Southern Pacific's high price today eclipsed all previous prices by a liberal margin and United States Steel tacked a fraction to its record.

The government report on cotton, notwithstanding the serious impairment of condition indicated for the month of July, was achieved with languid interest. The percentage of the condition figures is the lowest on record for this season of the year and the curtailment in the total crop thus foreshadowed must make a heavy inroad on the aggregate out-turn for the year of the country's agricultural wealth.

Money and exchange conditions were not materially changed. Bonds were irregular. Total sales par value $5,242,000. United States bonds were unchanged on call. Total sales stocks today were 976,800 shares.

BASE BALL

New York, Aug. 2.—Bat and ball were laid aside by 30 professional baseball clubs today out of respect to the memory of Harry C. Pulliam, president of the National League, who was buried at Louisville, Ky., this afternoon.

This is the first time in baseball history, it is said, that all 16 clubs of both the National and American leagues simultaneously refrained from their sport.

The New York State League was the only minor organization to call off all its games. Two games of the Eastern League, those at Rochester and Buffalo, were postponed, as was also one American Association, between Louisville and Minneapolis at Louisville, where the funeral was held.

Heyden New President.

Louisville, Ky., Aug. 2.—About an hour after Harry C. Pulliam, late president of the National League of Baseball Clubs was buried today in Cave Hill Cemetery, John Heydler, of Cincinnati, secretary of the league, was chosen president of the league at a special meeting of the directors. There was some feeling that it was indelicate to name Mr. Pulliam's successor at this time, but the league's immediate need of a qualified head overcame the qualm.

Besides electing Mr. Heydler to fill Mr. Pulliam's unexpired term, the directors concerned themselves only with paying tribute to Mr. Pulliam's memory. They gave the remainder of his salary for 1909 to his estate and appointed a committee to select and have erected in Cave Hill a suitable monument to Mr. Pulliam. They also provided that all players in the national league shall wear crepe for thirty days.

Though there was no set eulogy prepared by the committee, each director spoke of Mr. Pulliam as "the squarest man in baseball," and one who had wielded an influence for the better over the national game.

INCREASES WEIGHT QUICKLY

Simple Way for the Thin and Pale to be Plump and Rosy.

Samose can hardly be termed a medicine; it is in reality a flesh forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

With the return of good health following the use of Samose, emaciation is overcome, and the thin and scrawny are once more plump and rosy.

J. Hicks Bunting Drug Co's. customers have told them of the remarkable results following the use of Samose, the great flesh forming food and they are so thoroughly convinced of its reliability that they are selling it under their personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c box of Samose on those terms.

LADY ROBBED OF PURSE

Negro Snatched It And Made Escape With Posse in Pursuit.

A negro thief last night shortly before 10 o'clock, snatched a purse from a lady, at corner of Second and Chesnut streets, and made good his escape after a sensational effort had been made to catch him.

The lady with her sister and a friend were coming toward Princess street, when very suddenly the negro loomed up in front of them and without a word snatched the purse. Her screams attracted people assembled at various places around the block and with Policeman A. L. Long leading the way, a large crowd was soon on the scene, and when she explained, the entire crowd, with few exceptions, made off down Chesnut street. The negro had gained considerable distance, but was hotly pursued. Policeman Long went as far as Fourth street, but was unable to catch a glimpse of him. The ladies were badly frightened from their experience. The contents of the purse consisted of between $4 and $5.

O. K. meeting in Asheville and conferring with Grand Chancellor Hackney there. The State Deputy says the work of the order is in very satisfactory condition all over the State. BODY WASHED ASHORE

Coroner C. D. Bell to Make Investigation This Morning.

Dr. C. D. Bell, county coroner, received a telephone message from Carolina Beach last night stating that the body of a white man had washed ashore yesterday at a point eight miles below Carolina Beach. Decomposition had set in and a Mr. Lewis, who made the discovery, was not certain whether it was a white or colored man. There is a belt around the body and it is thought that the unfortunate fellow was a sailor. Coroner Bell will leave on the steamer Wilmington this morning for the inquest.

Charged With Entering House.

John Bunnell, a white man about 45 years old, was arrested at his home, 1013 South Second street, at 8 o'clock last night by Patrolman W. G. Brinkley on a warrant sworn out before the Recorder during the afternoon charging him with entering the house of J. E. Mintz, 1015 South Second street, Saturday night. In default of $200 bond he remained in the calaboose last night. Mr. Bunnell's wife and daughter stated to the police that Mr. Bunnell was drinking some Saturday night and lay down on the porch and went to sleep. He frequently walks in his sleep, they said, and Saturday night got up and walked into Mr. Mintz's house, going through a window, which was raised and near the ground. They expressed surprise that Mr. Mintz swore out a warrant. They said that Mr. Mintz saw Mr. Bunnell Sunday and he said he understood the matter and would not attempt to prosecute him. Mr. Bunnell was discovered in the house by Mrs. Mintz.

CAN'T BE SEPARATED

Some Wilmington People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

B. R. King, police sergeant, 808 Wooster street, Wilmington, N. C., says: "I know Doan's Kidney Pills are a valuable kidney remedy. I used them and they proved of great benefit in relieving the pain in my back and soreness over my kidneys. This remedy stopped these troubles after plasters and liniments had failed. I procured Doan's Kidney Pills at Robert R. Bellamy's drug store and gladly give them my recommendation."

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. Robert R. Bellamy.
